

SpringFour partners with top banks, lenders, credit unions, nonprofits, and more to drive value for organizations while improving performance and empowering consumer financial health.

SpringFour has been a great partner to Capital One in 2022, giving us the flexibility to explore different ways of integrating their resources into our experiences. The SpringFour team is thoughtful, responsive, timely, friendly and positive partners. This partnership enabled Capital One to continue its mission to deliver resources to customers in challenging economic conditions.

Bill Iverson, Director of Mainstreet Financial Health Team

SpringFour has been a lifesaver for us. The Red Tab Foundation is geared toward assisting our employees and retirees who are facing a financial emergency. SpringFour provides tools and resources for our clients to fill in the gaps where our grant guidelines may be limited. In addition, even when a grant is disbursed, SpringFour ensures that our clients are left with additional tools to further navigate their situation. At the end of the day, SpringFour is on top of current events and helps to ensure that all of our clients are in a better place, whether a grant is given or not.

Bryce Kumagai, Case Manager

We have seen a tremendous benefit to our customers. Since the beginning of our partnership, SpringFour has provided BMO customers with references to over 200,000 crucial financial health resources. This has been a valuable experience that we are proud to offer our customers, and which has also benefited the bank through improved portfolio performance.
